

Website Content Checklist

Uranus Enterprises — CCTV · Biometric · Computer Service · Networking · Home Automation · Electrical Works

What is this? Your new website is built and live! Right now it uses sample placeholder content (example prices, sample photos, sample reviews) so we could get it online quickly. To make it truly *yours* — with your real photos, real technicians, real pricing and real customer reviews — we need you to fill in the information below.

Don't worry about writing perfectly. Rough notes, WhatsApp photos and voice-note style answers are all fine. We'll polish everything before it goes on the site.

How to send this back — pick whichever is easiest:

📱 **WhatsApp** — reply directly with photos, videos & typed answers, section by section.

✉️ **Email** — write your answers below (or on paper), take photos of the pages, and email everything at once.

🖨️ **Print & fill** — print this PDF, fill it by hand, and send us a photo of each page.

1

Business & Contact Details

Why we need this: this is what customers use to call, message and find you — it must be 100% correct. Some fields already show what the site currently displays; please confirm or correct.

Business name as customers know it	
Phone number currently shown: +91 98417 70013 — correct?	
WhatsApp number if different from phone	
Email address checked daily — currently: support@uranuserprises.in	
Full shop/office address currently just says "Chennai, Tamil Nadu" — we need the exact address for maps & directions	
Landmark / directions tip	
GST / business registration number optional — builds trust	
Weekday timings currently: Mon–Sat, 9:30 AM – 8:00 PM	
Sunday / holiday policy	
Google Business Profile link important for maps	
Facebook page link optional	
Instagram link optional	

Why we need this: real photos of your real work build far more trust than the gradient icon tiles the site uses today. Phone photos are perfectly fine — just make sure it's bright and clear.

- ☐ **Shop / office / workshop signboard from outside**
So customers recognise the building when they visit.
- ☐ **A completed CCTV installation — camera close-up + phone app view**
- ☐ **Biometric / access control device installed at a customer site**
- ☐ **Computer / laptop repair in progress**
Workbench, tools, an open laptop — shows real technical work.
- ☐ **Networking / cabling work**
CAT5/CAT6 routing, a neatly organised rack or switch.
- ☐ **Home automation setup**
Smart switch panel, automated gate, app control screen.
- ☐ **Electrical works in progress**
Panel/wiring work, a switchboard install, or a completed fitting job.
- ☐ **Your team at work on a job site**
- ☐ **Genuine parts / brand packaging**
Camera boxes, brand stickers (Hikvision, CP Plus, Dahua, etc.) — "safety proof" photos that matter to customers.
- ☐ **A warranty card or invoice sample**
Blur out any customer's personal details — shows you provide proper documentation.
- ☐ **Service vehicle or uniform, if you have one**
- ☐ **You (the owner) — one photo for the "About Us" page**

Quantity

20–30 photos total is ideal. More is fine — we'll pick the best ones together.

3

Walkthrough Video

Why we need this: a short video of your shop/workshop or a recent installation builds trust fast and works well on the homepage.

1–2 minute phone video

A tour of your shop/workshop, or a recent installation job (before → after). Shaky/rough is okay — we will edit it.

4

Team & Technicians

Why we need this: "meet the team" reassures customers that trained people — not strangers — will be in their home or office.

Name	Role / specialization	Years of experience	OK to use photo?

Why we need this: the website currently shows example starting prices for each service. Please confirm these are correct, or give us the real numbers.

Service	Currently shown starting price	Correct starting price
CCTV Installation	₹12,999	
Biometric & Access Control	₹4,999	
Computer & Laptop Service	₹499	
Networking & Site Works	₹1,999	
Home Automation	₹2,499	
Electrical Works	₹1,499	
Prefer to show exact prices on the site, or say "Enquire for pricing"?		

Why we need this: these are the exact package figures currently live on your website. Please correct anything that is wrong.

Package	Cameras	Recorder	Storage	Warranty	Price
Basic	2 HD	4-ch DVR	500 GB	1 yr	₹12,999
Standard	4 HD	8-ch DVR	1 TB	2 yr	₹21,999
Premium	6 4K	8-ch NVR	2 TB	3 yr	₹38,999
Enterprise	12+ 4K	16-ch NVR	4 TB+	3 yr	₹74,999

If any of these numbers are wrong, please write the correct version below (or cross out and rewrite on the printed page).

Corrections to package details	
--------------------------------	--

Why we need this: customers often ask about long-term support before they buy — clear AMC and warranty terms help close the sale.

Do you offer Annual Maintenance Contracts (AMC)? If yes, what does it cost and cover?	
Standard warranty period per service	
How do you guarantee genuine parts?	
Do you offer a free site survey before quoting? currently advertised as "free site survey"	

Why we need this: specific numbers and named brands build more trust than general claims like "trusted partner".

Years in business currently shown: 10+ years — correct?	
Number of happy customers currently shown: 100+ — correct?	
Number of projects completed currently shown: 250+ — correct?	
Brands you are an authorized dealer / installer for e.g. Hikvision, CP Plus, Dahua	
Any certifications or licenses to mention	

Why we need this: the website currently shows sample reviews (Ravikumar S., Priya M., Karthik R., etc.) written as placeholders — these must be replaced with real customer feedback before launch.

**5–10 short customer quotes**

A WhatsApp message, forwarded as-is with the customer's name and area, is perfect.

**Ask a few customers to also leave a Google review**

We'll share the direct review link separately once your Google Business Profile is linked.

Why we need this: customers connect with the person behind the business, not just a list of services.

When did you start Uranus Enterprises?	
Why did you start it?	
What's your approach to service? e.g. honesty, genuine parts, long-term relationships	

Why we need this: the website has a dedicated page for each area below, promising fast response there. Please confirm this list is accurate before we promote it.

Areas currently listed on the site Tambaram · Chromepet · Pallavaram · Velachery · T. Nagar · Anna Nagar · Porur · Adyar	All correct? Yes ☐ No ☐
Areas to remove from that list	
Areas to add	
Do you serve outside Chennai city limits?	

11

Add or Remove Anything?

This is the most important section — tell us freely what's missing or wrong.

+ Additional services to ADD

Do you offer anything not yet on the site? e.g. fire alarm systems, video door phones / intercoms, EPABX, solar panel installation, POS billing systems, CCTV for vehicles, etc.

— Anything to REMOVE or CHANGE

Any service, price, timing, or claim currently shown that is not correct or that you don't want on the website?

Uranus Enterprises · Thank you for helping us make your website feel truly yours!
